

MIRAGE

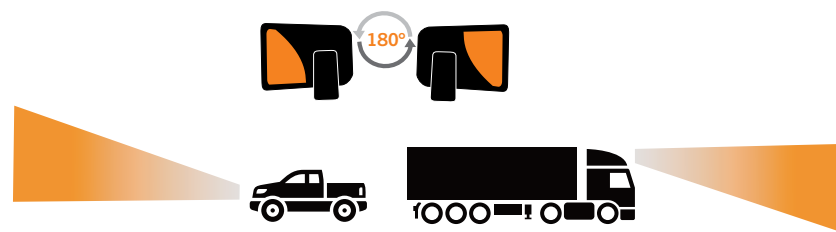

KEY FEATURES

Introducing the Mirage - our very first LED light bar for on- and off-road vehicles.

CLEAN-CUT - smooth edges all around to prevent ice and dirt from accumulating.

FAR AND WIDE REACHING - a wider than average focused light beam for the best possible vision.

EXCELLENT PERFORMANCE for road traffic, approved according to ECE R112 - and when the going gets tough, a boost function for off-road traffic.

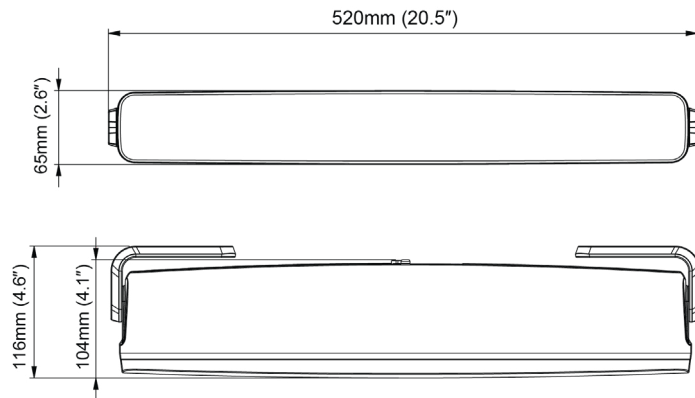

FOR CARS AND TRUCKS - simply flip to suit your application

TECHNICAL SPECIFICATIONS	MIRAGE
Operational Lumens Output:	6200lm (Boost:7100lm)
Color Temperature:	4500K
Nominal / Input Voltage DC:	12–24V / 9–32V
Power Consumption:	84W (Boost:118W)
Nominal Current:	3.3A@24V / 7A@12V, (Boost: 4.4A@24V / 9.8A@12V)
Mount:	2 pcs M8 screw
Connector:	Built-in Deutsch DT-3 (3-pin)
EMC:	CISPR 25 Class 5, ISO 13766, ISO 14982, ISO 7637-2
Electronics:	Isolated
Shock:	60G
Vibration:	N/A
Lens:	PC
Body:	Aluminium
IP Rating:	IP68, IP6K9K
Weight:	2.8kg
Salt mist:	ISO 9227 240 h
Operating Temperatures:	-40°C... +85°C (Overheat protected)
Reference Number\$	50
