

The standard WERMA WIN installation is delivered with English, German and French user interface translations. After installing the WERMA WIN Language Pack, you can choose additional languages.

1. System requirements

- Installation of WERMA WIN 4.3 (or greater)
- Same version of WERMA WIN and the Language Pack.
E.g. you need the Language Pack version 4.3 for WERMA WIN version 4.3.

2. Installation

Please follow this procedure to use the WERMA WIN Language Pack:

1. Install WERMA WIN for all appropriate client- and server PCs as described in the user manual with one of the default languages (e.g. English).
2. Download the WERMA WIN Language Pack from the following website:
<http://www.werma.com/win>
3. Install the Language Pack on the server PC .
4. Install the Language Pack on all client PCs. Select your preferred language while installing the Language Pack.
5. You can later change the selected language in the settings dialog of WERMA WIN.

3. FAQ - Frequently asked questions

1. After installing a WERMA WIN update, you have to repeat the installation of the Language Pack and select your preferred language.
2. If the installation of the Language Pack is missing on the WERMA WIN server PC, certain parts of the software will not be translated (e.g. some warning messages).
3. Although it is not mandatory we recommend to download the appropriate Microsoft .NET Framework 4 Full Language Pack and install it on every PC with WERMA WIN installed.

Microsoft .NET Framework 4 Full Language Pack (x86 x64)
<https://www.microsoft.com/en-US/download/details.aspx?id=3324>

Note for Chinese customers: Please select "Chinese (simplified)".

4. The following contents will not be translated by the Language Pack:

- Setup program
- Database assistant
- PDF manual
- The 'contact us' form
- The items in the Windows start menu
- The entry in the Windows list of installed programs
- Program directory names
- WIN info dialog

5. Please contact your local WERMA sales representative for further assistance.

You will find a list of our sales representative on our website:
