

SCORPIUS 400

BLUE

NORDIC LIGHTS® Scorpius 400 Blue is a state-of-the-art blue crop sprayer light and the latest addition to our successful Scorpius work light family. Originally developed for the mining industry, the standards for this work light are set high. Adapted to the agricultural industry, and designed specifically for crop sprayers, the Scorpius 400 Blue LED pencil beam illuminates the boom, the nozzles and the spray pattern. It has an excellent luminous intensity of 37 000 candela, making it the best blue pencil beam you will find on the market.

The Scorpius 400 Blue work light offers a long lifetime and high operational safety with minimum maintenance. The mechanical, thermal and corrosion resistance is excellent thanks to its Grilamid® lens and new strengthened aluminium housing. With a vibration resistance of up to 15.3 Grms and shock resistance of 60 G, it is made to withstand tough conditions.

Not all products are available in all markets. During continuous improvement specifications and design are changing. All values are nominal values. Illustrations do not necessarily show the design of every version and some features are version specific. The lumens output varies depending on lens colour.

TECHNICAL DATA

Light Color	Blue, 465nm	Lens	Glass
Luminous intensity	37000 cd	Body / Housing	Aluminum
Nominal Voltage DC	12 V 24 V	Weight	1.1 kg
Input Voltage DC	9 - 32 V	IP Rating	IP68, IP6K9K
Power Consumption	46 W	Salt Spray Test	ISO 9227 240 H
Nominal Current at	24V=1.75A, 12V=3.75A	EMC	CISPR 25 Class 5, ISO 13766, ISO 14982, ISO 7637-2, EN 61000-4-2
Connector	Built-in Deutsch DT-2 (2-pin)	Operating Temperatures	-40°C... +85°C (Overheat protected)
Mount	Single Bolt M10	Electronics	Isolated
Shock	60G	Part Numbers	Pencil Beam: TBA,
Vibration	15.3Grms 24-2000Hz		

CONNECTORS

Built-in Deutsch DT-2 (2-pin)

KEY FEATURES

- Optimized illumination of boom and spray pattern
- Light color blue, 465 nm
- Superior electromagnetic compatibility (CISPR 25 Class 5)
